

Notice of variation

Tariff of Charges

Please read through this notice carefully and keep it in a safe place.

We have made some changes to our Tariff of Charges which come in effect from 10 November 2023.

The changes are detailed below.

1. We have added HSBC Private Bank into the Tariff of Charges for those Private Bank Customers who hold a relationship with HSBC Expat.
2. We have amended the charges for "Specific Requests for Written Information". This is due to the cost to produce these documents.
3. We have amended the wording for Fixed Term Deposit Early Breakage. There has been no changes to the early breakage costs but our changes are designed to clarify these charges and how they operate, in response to customer feedback.

There have been no further changes to the Tariff of Charges.
